**PETROLEUM
MARKETERS
PARTICIPATION
IN THE
POLITICAL
PROCESS**

THE PMAA SMALL BUSINESS COMMITTEE (SBC) IS A POLITICAL ACTION COMMITTEE FUNDED BY VOLUNTARY CONTRIBUTIONS FROM MARKETERS ACROSS THE COUNTRY. PMAA REGULARLY REPORTS THE ACTIVITIES OF THE PAC (AS REQUIRED BY LAW) TO THE FEDERAL ELECTION COMMISSION (FEC) AND INFORMATION ABOUT THAT ACTIVITY IS AVAILABLE TO THE PUBLIC.

PETROLEUM MARKETERS – THIS IS YOUR FIGHT IT IS TIME FOR YOU TO DO YOUR PART

There are some Senators and Representatives who have stepped forward to defend and promote the interests of independent petroleum marketers. Often they do so because they know marketers back home and they have an appreciation for the business.

It is critically important that we help these Senators and Representatives secure re-election and that is what the SBC PAC Fund is all about. When legislators go to bat for marketers, it is essential that we go to bat for them. PMAA's SBC PAC Committee believes it is the duty for every petroleum marketer to contribute something to the PAC. Please donate and demonstrate that you "get it". Government unchecked is dangerous for every business.

HERE ARE SOME OF THE PRIORITY ISSUES WHERE LEGISLATORS HAVE HELPED ADVANCE OUR CAUSE:

- Opposing EPA proposed UST regulations that would cost retailers nearly \$7,000 a year in new expenses.
- Preventing a requirement that would have banned retailers from accepting SNAP benefits.
- Accomplished 2014 five year renewal of the critical home heating oil NORA program.
- Ongoing leadership in reform of the futures market to make sure supply and demand matter.
- Industry leadership in coordinating with government in developing best emergency response communications and practices.
- Working with Congress and government to avoid potential chaos in the gasoline marketplace caused by the ethanol blendwall.
- Proving that the costly proposed wetlines requirements moving through both Congress and DOT were not justified.
- Joining with the retailer movement securing ultimate passage of debit fee reform.
- Successfully opposing efforts to commercialize rest stops.
