

Why make a contribution to APMA PAC? Political Action Committee (PAC) dollars work hard for you. They are invested in pursuing and achieving a successful legislative session at the state level.

Our goal is that when any legislator or regulator thinks about a potential law or regulation affecting our members, they call APMA first to get our input.

APMA formed APMA PAC in 2014 to increase its political presence at the Arizona Capitol. We need your support to make this effort a success. PAC contributions may only be obtained from **personal, not corporate funds**. Contributions are not tax deductible. No refund of any kind is allowed for APMA PAC contributions.
